[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO SEPT. 10.

EASTERN STATES.

The "Westfield" Prosecution.

NEW YORK, Sept. 15.—Jacob Vanderbilt, President of the Staten Island Ferry Company, arraigned to-day on the charge of manslaughter, pleaded not guilty.

Injunction Against Tammany Thieves.

NEW YORK, Sept. 15.—Judge Barnard, has granted an injunction restraining the city authorities from paying any further bills against the city, except regular salaries, water and gas bills, and educational bills, in excess of the amount set apart by the Board of Apportionment; and that no further money shall be paid from the city treasury until that Board shall be reorganized.

It is rumored in Democratic circles that, owing to the decision of Judge Barnard, Controller Connolly will resign. In that case it is said that General George B. McClellan will be tendered the position of Controller, and he will probably accept.

Effect of the Injunction—Consternation Among the Thieves.

NEW YORK, Sept. 16.—There have been few events in this city that have created such a genuine sensation in a political way as the recent injunction case against the city officials. Judge Barnard's decision was a surprise both to the enemies and friends of the movement against the Ring. It seemed impossible to believe that Judge Barnard would have rendered such a decision, and the consternation filled with consternation the friends of Connolly and Hall. All the morning journals rejoice at the decision, though the Democratic press regard it as bearing more directly upon Connolly than either of the others. The *World* thinks Connolly must at once resign. It is plain if he does not go he will be forced out. It believed that the intimation is plain in the Judge's decision that the injunction may be dissolved. If Connolly does not resign now, the Mayor cannot avoid impeaching him; that if he be not hardy enough to brave a trial, the result already foreshadows the sentence which will be passed. There is every probability that Connolly will resign, though as late hour last night he seemed firm in the determination to hold on as long as Tweed, Hall and Sweeney did. The friends of Tweed and Sweeney think Barnard will exonerate their chiefs. They declare that criminal charges will be brought against Connolly, that he will probably be arrested within a few days, and Morgan O'Brien and others, who have enforced fraudulent claims, will also be arrested. Judge Barnard has expressed a belief that the whole responsibility of signing warrants falls upon Connolly; that the Mayor was only partially responsible, because of his inability to sustain a thorough supervision of the Controller's accounts. He says a decision cannot be dissolved until the meeting of the general term of the Court in December. The people have steadily every remedy the law can grant. His decision compels the immediate commencement of the work of purification. He rendered his decision as a matter of duty, and considers the men who have stolen money from the tax payers are responsible for it. He does not look upon the question from a political point, but one as affecting the interests of the city government.

New York Monetary Affairs.

NEW YORK, Sept. 15.—Money is more active at three per cent. Stocks very dull and generally lower. Pacific Mail is down to about one per cent; Mariposa declined from 32 to 31; Western Union, 67½; Quicksilver, 15; Mariposa, 13; Preferred, 22; Wells, Fargo & Co., 52½; Pacific Mail, 54½.

WASHINGTON CITY.

The Hodge Defalcation.

WASHINGTON, Sept. 15.—The Secretary of War has sent to the Judge Advocate General the communication of Gen. Brice in regard to the Hodge defalcation and charges are to be preferred against the Hodges. The application of Hodge to be released from confinement was refused. Drlue asks for the fullest investigation of his conduct in the affair.

Secretary Boutwell will investigate the implications in the Treasurer's office in connection with Hodge's defalcation. It is said by the Treasury officials that there is no way by which the Treasurer's office can have knowledge of the irregularities and defalcations of the Paymasters; the only duty of the Treasurer being to honor all checks of Paymasters drawn on regular warrants to the extent of the credit of such Paymasters at his office.

Suits against Revenue Collectors.

WASHINGTON, Sept. 15.—Sureties upon bonds of Collectors of Internal Revenue against whom suits have been commenced for balances due to the Government, are asking for a continuance of their suits. Commissioner Douglass declines to accede to any requests of this character.

A Reform Institution.

WASHINGTON, Sept. 15.—The Woman's Club is negotiating for the purchase of a building in which to locate a business college, which they propose to establish for the instruction of the demi mondo who wish to reform. The police raid upon bad houses has been postponed a few days, in order that the Club may extend its preparations for the reception and care of such inmates, as may seek to abandon a life of shame. Public sentiment is divided in regard to the movement, but circumstances have given the reformers an opportunity to put their theories to the test of practical application, and the result cannot fail to attract wide attention, whatever it may be.

The Cotton Crop.

WASHINGTON, Sept. 15.—The cotton crop reports purporting to have come from the Department of Agriculture during the past month, have not been genuine. There are reports of injuries by the boll worm and caterpillars, mainly in Mississippi and Louisiana, but no evidence that a general or serious loss from insects is probable. Drawbacks, although greater than those reported in September of last year, are not sufficiently serious to excite apprehensions of a greatly depreciated yield.

BY ATLANTIC CABLE.

London Dispatches.

LONDON, Sept. 16.—The International promises the London workers to prevent foreigners from laboring in England. The League denounced the introduction of foreigners as dangerous. The *Times* deplores the antagonism between labor and capital.

A *Times* correspondent writes that he has crossed the Mount Cenis Tunnel in thirty eight minutes. Air excellent, rails level and everything works well.

A *Times* correspondent writes that the wheat crop is disastrously deficient.

French Affairs.

LYONS, Sept. 16.—A proclamation appears announcing the disarmament of the National Guards. Their arms are required to be surrendered in two days. Fines and imprisonment will follow a failure to obey. As fast as the Nationals disarm, the regulars will replace them.

VERSAILLES, Sept. 16.—The Assembly is favorable to the bill authorizing negotiations which will occasion the evacuation by the Germans of the Department of Aisne, Cote, Dor, Jura and Aube. The discussion on the bill will take place to day.

The Alsace question is troublesome. One Bernard is President, and Lutrot Secretary of the Committee on Examination on the Alsace bill. A majority of the Commune, opposed to Peace, resisted the Committee, and it is hoped the matter will be satisfactorily settled. It is thought, unless fixed, the Alsace trade goes to Switzerland.

The disarmament of the National Guards proceeds in the departments quietly.

From Stockholm.

STOCKHOLM, Sept. 16.—Both Houses appointed a committee on army reorganization. The first House favors it and the second House opposes.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Sept. 16.—The Republican Judicial Nominating Convention indorsed the nomination of Judge Samuel H. Dwinelle for the Fifteenth District Court, last evening, and then adjourned.

In the Twelfth District Court to day, Assistant District Attorney Freelon, moved for a nolle prosequi in the case of Mary Jacoby, the Indian servant girl, who has laid in jail a year for the murder of her new-born child. The grounds given were that not sufficient evidence of the child having been born alive could be procured, and that on the question of the sanity of the prisoner at the moment of the murder, if it was committed, there was so much doubt that there was no reasonable grounds for believing that a jury could be induced to convict her. The motion was granted, and the girl set at liberty. The Court decided and noted that the delay in bringing the case to trial was caused solely by the defense, who desired to send to Humboldt for witnesses—the prosecution having been ready at all times to proceed with the case.

At 5 o'clock last evening, when a dense fog covered sea and land, the fine American clipper ship *Annie Size*, from Sydney, with a cargo of coal for the Central Pacific Railroad Company, went on the reef at Point Reyes, on which so many vessels have been wrecked. Her bottom stove she first struck, and in a few minutes she commenced heeling over on one side. There was but little wind at the time, but a heavy ground swell, and the ship almost immediately commenced breaking up. The crew took to the boats, and were soon after taken on board a small schooner, which brought them to this city. The *Annie Size* was owned in Portland, Maine, and commanded by Captain George W. Tucker. She was a first-class clipper, nearly new, and was on her third trip to this port. The wreck was sold at auction to-day, to the Pacific Wrecking Company, for $500, for account of the underwriters. It is not thought that much of the wreck can be saved.

The *Bulletin* contains a long expose of collection frauds perpetrated on sha by both parties in the late election, but the worst, for special reasons, is not likely to be told.

Sixty-four deaths occurred in the city this week.

BY STATE TELEGRAPH.

Homicide in Jackson County.

ASHLAND, Sept. 16.—Joseph Wells shot and killed a man named James Dennis, yesterday, 7 miles south of this place, on the Read Indian Road. The parties were alone, and Wells says he killed Dennis in self defense, after Dennis had shot at him with a revolver. Wells came in and gave himself up to the authorities. Dennis was about 23 years old, and but little is known of him or his antecedents here. The killing was done with a double barreled shot gun. The preliminary examination will be held this evening or to-morrow, before Justice Gillett.

Accident at Corvallis.

CORVALLIS, Sept. 16.—Mons. DeClute, while crossing the street on a light horse, met with a serious accident. When about the center of the street, the wire gave way, and he fell about 30 feet. He is supposed to be severely injured.

WASHINGTON TERRITORY.

Dispatch from Seattle.

SEATTLE, Sept. 16.—Captain John Brisbane, of the steamer *James Hortie*, was drowned yesterday, while the steamer was on her way from Seabeck to Port Gamble. He fell from the deck while setting a sail, and before assistance could reach him, sank. The body was not recovered.

A scotchman named Joseph Hunter, who has been employed at the Lake Washington Coal Mine for some time past, committed suicide yesterday by shooting himself through the head with a revolver, at the Occidental Hotel at this place. It is supposed he was laboring under a fit of temporary insanity.

OREGON.

For wheat at Salem $1 25 is now paid.

The total taxation assessment for Coos county is $517,493.

The *Statesman* says there is quite an excitement at Salem. This might serve as a standing item.

A number of families direct from England are expected to arrive shortly in Benton county.

The Methodist Church building at Albany is on wheels just now, moving to a new site.

A new bridge is being erected across Mary's River, near Corvallis, a short distance above the old one.

Horses are arriving at the Linn county fair grounds, to train for the approaching agricultural horse trot."

The Albany *Register* has been enlarged and greatly improved. It has no superior among the interior papers.

The *Register* says that 100,000 bushels of wheat were received at Albany last week. We venture to guess that here are too many ciphers by one.

The Phœnix Insurance Company has made the deposit required by law, of $50,000 in United States bonds, entitling it to do business in this State.

Democrats at Corvallis are disgusted with some of their officials. The *Gazette* learns that they propose to apply to Ben Holladay to appoint a marshal for the city.

The *Mountaineer* reports that Vic. Trivett has become a convert to Woman Suffrage. He has heard Miss Anthony, and believes her construction of the Constitution to be the correct thing.

The Corvallis *Gazette* says that the people of Benton county have been outraged by the chicanery of Democratic politicians, first in the unseating of Senator Witham, and next in the matter of Recorder of Corvallis; but in the next election they will teach those fellows something.

The party of naturalists from Yale College, who are on their way across the continent to visit the John Day Valley, have just been heard from by private letter from Fort Bridger. They expect to be in Canyon City about the first of October and commence, in company with the Rev. Mr. Condon, the examination of his special field to The Dalles. The company number twelve, and are under the direction of Prof. Marsh of Yale College.

A letter from Randolph, Coos county, to the *Roseburg Ensign* gives this: A terrible accident occurred Sept. 1st: John Nosler, his wife, son, and daughter, of lower Coquelle river, were working in their clearing on a steep hill-side, when all at once a log four feet through and sixty or seventy feet long gave way and came rolling toward them. The log struck Mrs. Nosler and rolled over her, while Mr. Nosler and the two children ran down the hill until they came to another large log, here Mr. Nosler narrowly escaped by jumping over the log, while the two children, William and Emma, were caught between the two logs. William was instantly killed, Emma is recovering. Mrs. Nosler was not much hurt as by accident she fell in a low sink.

MINOR TELEGRAMS.

Hannah Roberts, a colored woman, aged nearly 130 years, was burned to death at Philadelphia on Friday.

The death sentences of the Indian Chiefs, Santana and Big Tree, has been commuted to imprisonment for life.

On Saturday the Treasury made a transfer of half a million of gold from San Francisco to New York, through the Bank of California.

Chief Justice arrived in Chicago on Friday last. He declares himself greatly improved in health, and feeling better than he has for five years.

The recount of the vote of San Francisco has been completed. The result is a reduction of Rosener's majority of fifty; other candidates not materially affected.

Gallagor, the Democratic candidate for Congress from New Mexico, is probably elected by a majority of 500. There was a split in the Republican party and two candidates.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN STATES.

The Shutter is Tammany Circles.

NEW YORK, Sept. 16.—Gov. Hoffman is said to be desirous of having Sweeney continued in his position, while he is not unwilling to have Hall, Tweed and Connolly displaced. Sweeney is known to have been the originator of the principal part of municipal corruption. In this city there is a strong sentiment against him among Tammany politicians. Though he was not formally arraigned in the injunction suit he is believed to be as much responsible for the existing state of things as the others. It is thought that he cannot escape the extreme.

A party of Anti-Tammany Democrats will make strenuous efforts this coming fall to have the strongest and best men who are opposed to corruption, returned for Legislative offices, and to this end propose to work in harmony with Republicans of this city. Divisions of Republicans here have almost destroyed the power of the party for doing anything in the city.

The *Times* to-morrow will publish a letter from W. E. Hayes, lawyer to Comptroller Connolly, advising the latter not to resign, but appoint Andrew J. Green Deputy Comptroller, and leave him to exercise the full powers of the office without conditions or interference, and with complete control of all books and papers belonging to the office; with the appointment of all persons he may think necessary to protect property and interests, and enable him to carry out the most searching investigation to aid the committee appointed for that purpose. Connolly accepted Haraway's advice and appointed Andrew J. Green Deputy Comptroller. Ten Storrs removed. In accepting Haraway's advice, Connolly states that he is governed by a warm desire to restore the city department over which he presides to the confidence of the community, and secure such examination of city affairs as will satisfy the just demands of the public.

From Peru.

KINGSTON, Jamaica, Sept. 12.—Callao dates to August 28th, say excitement prevails throughout the republic in consequence of the earthquake on the 21st shook the entire country from north to south very severely. The sea was unusually agitated. For a time it was impossible for vessels to enter the ports.

Additional New York News.

NEW YORK, Sept. 16.—It is believed that the Grand Jury in Brooklyn to-day presented indictments in cases of alleged fraudulent Party and Bushwick Bills of Jacob Vanderbilt, Captain Rodgers and others connected with the Staten Island Ferry.

Governor Hoffman had a private interview with Mayor Hall and Controller Connolly to-day. Results not known.

Monument to Rhode Island Soldiers.

PROVIDENCE, Sept. 16.—The city is thronged to day on the occasion of the dedication of the monument erected by the State to the soldiers of the late war. The procession under General Burnside comprised 5,000 veterans of the late war, and a division of State militia.

Mail News from Europe.

NEW YORK, Sept. 16.—A correspondent writing from Berlin, August 31st, says the most reliable intelligence comes from Russia concerning the progress of the cholera in that country. The disease does not seem to have exhausted its virulence, though in some places there was a slight diminution in the number of deaths. In general Russia is entirely overrun with the disease.

A correspondent writing from Paris August 30th says that sentences of transportation passed upon Assi, Billoray, Champy, Regere, Cremieux, Verdum and Ferrat are still regarded in Paris as a mockery of justice. The very next revolution that happens these men will, of course, be set at liberty, and be able to recommence their old trade as patriotic agitators. Ten years hence we may live to see these very men who have just been condemned Ministers of State in France. The Court-Martial's sentence of six months imprisonment and fifty francs (twenty pounds) regarded as a mere farce. With the exception of Ferrat, all the prisoners were surprised at the leniency of the punishment awarded them.

The weather is cloudy, cold and threatening rain all day.

This has been the hottest day for many months at the Merchants' Exchange. Over forty vessels including many lumber ships and coasters came in.

Arrived—ship *Governor Morton*, 143 days from New York; with mdse. consigned to A. Dibblee; ship *Iron Crown*, 129 days from Glasgow, with merchandize to R. Perkins, Blair & Co.; ship *Caledonia*, 74 days from Newcastle, with coal to Cross & Co.; ship *St. John*, Newcastle, New South Wales, with coal to the Pacific Mail Steamship Co.; schooner *Urania*, Arctic Ocean, with ivory, furs, etc., to master; ship *Osceola*, 156 days from New York, with mdse. consigned to Pratt, Newton & Co.; U. S. steamer *Narragansett*, Commodore R. W. Meade, 7 guns, 96 officers and 138 men, from New York, via Rio Janeiro, Straits of Magellan, Valparaiso and Callao; steamer *Montana*, Guaymas and Mexican gulf ports.

The ship *Annie Size*, reported by Capt. Tucker as wrecked off Point Reyes, it proves has gone on the South Farrallones. The wrecking company, having bought her, are lying at or near Point Reyes and have been busy sending a party there on heavy expense, will dismiss their money back, and have one in charge of the matter.

San Diego, Sept. 17.—Following is the official return of the vote of this county: Haight, 654; Booth, 631.

The Wreck of the Annie Size.

SAN FRANCISCO, Sept. 17.—There are serious complications arising out of the ship *Annie Size* from New York, which was reported by Captain Tucker as wrecked on the coast, near Point Reyes on Friday evening, and going to pieces. He reported that the saw Point Reyes on the afternoon of Friday, and finding himself dangerously near shore put about and sailed due west until the vessel struck shortly afterwards. On this statement she was sold to the Pacific Wrecking Company for five hundred dollars, and the company immediately sent a messenger overland to Point Reyes to take possession of her, and dispatched a wrecking party by sea with tug to save all they could. The party has not yet returned. Meantime a schooner this morning brought word that a ship was ashore on the South Farrallones, and the *Wyandotte* immediately steamed for this point. She has now returned, and reports that the wreck was the *Annie Size*, and that instead of breaking up as reported on Friday night she did not go to pieces until late last night. Meantime the people on the Island had boarded her and taken off her sails and considerable other matter. They found the ship's journal and chronometer and compass boxes but not the instruments. The cabin was pretty well cleaned out and now gone to pieces. She was fully insured. There is something very mysterious about this affair.

NEVADA.

Escape from Nevada State Prison.

CARSON CITY, Sept. 17.—There was a break at the Nevada State Prison at half past 6 o'clock this evening. Five of the guard were wounded. Matt Pixley, proprietor of the Warm Springs Hotel was killed. Twenty-nine prisoners escaped. Lieutenant Governor Denver was wounded, but not seriously. Robert Dedman, sentenced for life, did good service in assisting officers and guards to hold the prisoners. Troops from Virginia and Reno are in hot pursuit of the escaped convicts.

Pioche City Burned—Great Loss of Life.

HAMILTON, Sept. 17.—Pioche City was almost entirely destroyed by fire on the night of the 15th. The *Ely Record* published an extra giving the following: Last night between 11 and 12 a destructive fire broke out in the rear of La Grue's restaurant which destroyed nearly all of Pioche. It is impossible in this hastily gotten up report to give full particulars, but it is safe to estimate the loss at between $200,000 and $300,000, on which there is scarcely a dollar's worth of insurance. The fire was as nothing compared to the loss of life and limbs wounded which followed in the wake of the ravages of the fire. Every Wells & Co. had two safes of specie stored in which was deposited $. Two took a fire proof collar, and about 2 o'clock the whole were exploded, killing 6 and wounding 30. Next, at Levy & Ayers' in the rear of stores exploded, a later hour, rendering impossible to describe the terror and consternation which prevailed during and after the explosion. Men, women and children rushed through all directions, seeking lost friends and safety. Houses were thrown down and shattered, and the cries of wounded and dying were painful in the extreme.

The following is a list of the wounded as ascertained up to 8 o'clock this morning: H. D. Bunn, John Cullen, Harvey Rice, Jim Waters, Bartholomew Noonan, Robert White, Archy Mathias, David Noonan, David Neyle, John Dougherty, Miss Gary, Mrs. Hanrahan, Charles Mills, Mr. Boisetain, A. Raney, Fred. Bell, Mr. Munroe, Stevens, Phil. Richards, William H. King, Thomas Kendal, Chris. Jensen, W. S. Cotton and Dennis Sullivan, all of whom were either injured by falling rocks, jarred by concussion or burned. Many wounded will die. There are many injured but are unable at present to give particulars. Following are killed: Jeremiah Kirby, James Agnew, John Sand, William Dyer, Mike Lyon and one other burned so that his name is unknown.

ARIZONA.

The Indian War.

LOS ANGELES, Sept. 17.—The Arizona *Miner* of Sept. 9, has the following:

Gen. Crook is at Fort Whipple, quite busy in preparations to clean out the Apaches and reduce them to submission. He has made a treaty with Magas chief of a band of Coyoteros, who is the only faithful, honest and friendly chief in the whole Apache nation. Magas and his warriors will co-operate with the whites in their war in the Apache country.

The Last Grand Battle.

The Apaches who have come in on the reservation—we presume at Canada Alamosa—report the death of the great chief Cochis from wounds received in a fight in Sonora. The report is not fully confirmed.

Vincent Colyer arrived at Fort Craig, New Mexico, August 28th, on his way to Camp Grant, Arizona.

On Thursday, of last week, Antonio made a raid on the Pinal stock ranch, and escaped to the mountains. Next day a party of citizens discovered eleven Indians with about fifteen stolen animals and killed two, captured their guns and a quantity of ammunition. On the 6th the same party came upon the Indians' camp and fired into it, killing the Apaches master of the ponies, Turkey Leg.

Wednesday last Indians in Chiricahua Valley killed a Mexican herder named Gutierrez.

The *Miner* is informed that a system of extortion is carried on by certain Indian agents, between Date creek and Lapez by which Apaches and Mohaves are furnished with

MONDAY MORNING, SEPT. 18, 1871.

The Crisis in New York.

It is becoming evident that the ruling thieves of New York are pretty well cornered. For months public indignation against them has been rising, and it now glows with terrible intensity. When the New York *Times* began its disclosures people were incredulous. But the charges made by the *Times* could not be answered. Further disclosures came, new proofs were added, and people began to believe. The ring itself adopted a course which was an admission, and a confirmation of the worst of the charges against them. The city accounts were called for by the public, but were not forthcoming. They had been kept back for three years, obviously because the officials feared to face the public with them. Finally, the demand for them became irresistible, and the scoundrels of the ring were forced to a disclosure. The accounts came, and their appearance confirmed the worst suspicions of the public. Such prodigacy, such shameless public robbery, was without example anywhere. Millions upon millions had been squeezed from the unfortunate city, and the debt of the city had been increased to a frightful aggregate. The thieves of the ring are now quarreling among themselves, and each one is endeavoring to lay the blame on his associates. Meanwhile affairs are approaching a crisis. The people are taking the business into their own hands. The ring has been issuing bonds and running the city in debt at a rate that has absolutely amazed and confounded the tax-payers, on their discovery of it. A citizens' committee has gone to Judge Barnard's Court and secured an injunction to restrain the ring from issuing any more bonds or paying claims; and they announce their purpose of prosecuting the robbers and bringing them to justice. All New York is in a ferment; and the thieves, observing the resolution of the people, are thrown into the greatest consternation.

New-York journals of the 5th inst. are filled with reports of the great meeting of citizens at Cooper Institute on the evening of the 4th to consider these iniquitous frauds and take action upon them. The meeting was one of the greatest ever held in this city. It was a general outpouring of the great tax-payers. Men of both parties met on common ground, and resolved that the city must be rescued. Powerful speeches were made, and resolutions of the strongest character were adopted. Among the speakers were such noted Democratic citizens as ex-Mayor Havemeyer, Oswald Ottendorfer, editor of the Democratic *Staats Zeitung*, Congressman Roosevelt, and many others. Mr. Ottendorfer announced distinctly that he and his fellow citizens of German birth would recognize no party obligations that would compel them to sanction Tammany corruptions. Mr. Roosevelt said: "Let me speak as a Democrat to Democrats. Here we are in control. For all iniquity in the city we are responsible. If Democracy would survive, we must put down by a strong hand these abuses."

It will be seen from the tenor of these speeches that the charges against the thieves of New York do not depend wholly for their foundation on statements of Republicans. Those Democrats throughout the Union who have abetted and defended the Tammany gang and the Oregon Democratic press has been among their abettors and defenders—may now begin to see where they stand. In view of the unexampled profligacy and corruption of Democratic administration in New York, how feeble and contemptible are the unsupported charges brought by that party against the Republican administration at Washington!

A Wrong Impression.

The *Herald* wants us to correct our statement that the expenses of President Buchanan's last year were $77,000,000. It says: The expenses during the last fiscal year of Mr. Buchanan's administration were $58,[illegible]. We were not speaking of his last fiscal year. The last fiscal year of the Buchanan administration closed on the 30th June, 1860, but Mr. Buchanan was President nearly a year longer. The expenses of his last year, as are cited before, were, in round numbers, $77,000,000. The *Herald* is not right even in its statement of the expenses of his last fiscal year. They amounted to $60,010,062 58, exclusive of the charges on the public debt. When Mr. Buchanan went into office the public debt amounted to $39,060,386 40. By June 1860 the debt had increased to $64,000,000, and when Buchanan went out of office it was nearly $90,000,000. These figures are beautifully progressive, only they are large in the wrong end. They are quite like Tammany's exhibits of the New York debt, but very unlike the monthly statements that now come from Washington.

The Remainder of the New Loan.

Washington advises state that a large number of applications have been made at the Treasury Department for subscriptions to the new five per cent loan. A dispatch gives this:

Since the two hundred millions offered by the Secretary in Wall-st have been absorbed, the officers of the Treasury having the loan in charge have in all cases returned the applications with the reply that the subscriptions have been closed, and no more will be received. It is not yet known what course the Secretary proposes to pursue in relation to the $300,000,000 of five per cents which remain of the new loan under the Funding bill. But the impression prevails in financial circles that no more new bonds will be forced on the market, and that when Mr. Boutwell decides to place more of the new loan on the market he will offer all three classes of bonds authorized under the Funding act in equal portions of each issue, unless Congress shall in the meantime authorize him to withdraw the four and a half and four per cents from the market altogether.

Our neighbor of the *Herald* has worried a great deal over our observation that the people of the United States have discarded the State compact theory of government originated by Jefferson, including its legitimate results of secession and national disintegration. He has harped for several weeks on our remark that on these subjects Jefferson is not an authority with the American people. With that logic which so eminently characterizes the Democratic editorial mind, our neighbor argues that because we deny Jefferson's authority in the matter of the resolutions of '98, we are opposed to that part of the Declaration of Independence which declare that all men are created equal. This is excellent. It is equaled only by the method by which the eccentric country pedagogue was accustomed to demonstrate the algebraic proposition that "minus into minus produces plus." He would recite a parcel of shreds of fables from Æsop, and jump at once to his "*therefore*, minus into minus produces plus." The *Herald* seems to have heard of that method of reasoning, and to be charmed with it.

Of the Virginia debt, $15,000,000, or one third of the whole, has just been funded.

Foolish Counter Charges.

The proof of Tammany's frauds is so complete that Democratic papers are driven to their wits' end to find some way to break the force of the overwhelming exposure. With characteristic fatuity they seem to suppose that if they invent a series of counter charges against Republicans, all will be well. There is no answer to the proofs against Tammany; recent proceedings in New York fully attest their truth. But now, we find the political friends of the Tammany gang endeavoring to divert public attention from the unexampled robberies in New York, by making the assertion that there is a discrepancy in the books of the United States Treasury amounting to precisely $109,630,511 24 (when you are inventing a story you may as well be exact, like the man who saw a flight of pigeons which numbered precisely 769,433,981,924,736, by actual count);—and that the Treasury officials have "grabbed" this immense sum. This has already been the subject of two or three long editorials in the "organ" of Oregon Democracy, and with judicious nursing it may be made to do service in the shape of editorials in that paper for some time yet. But here is the truth about the story, as given by a telegram from Washington, dated September 4th:

An extreme paper in this city, some time ago, made up a statement, which has at last been copied into a New York journal, to the effect that there was a discrepancy in the accounts of the Secretary of the Treasury and the Register. The accounts of those two offices relating to the issue of bonds and paper currency of all descriptions should agree exactly, and they do agree, and there has been no difference between them for many months. When the present administration came in, and when the revision of the monthly statement was undertaken, some disagreements were discovered, and two expert accountants were set to work to find them out. The accounts were thoroughly examined, the vouchers overhauled, and all the differences reconciled. They had been caused by errors in keeping the accounts overlooked in the busy time of war, or made during Johnson's time, and never sought after. In one instance, at least, a voucher was found which had never been entered on the Register's accounts, which reconciled one difference. Now and then an entry was found in the wrong account. So minute was the examination that a difference of $4 in the fractional currency accounts was discovered, and it was found that the first sheet printed of a certain denomination had been sent to Mr. Chase for his inspection, and so escaped entry in the proper place. This work was all done as a matter of ordinary routine, and was not heralded, as it might properly have been, in praise of the conduct of the Treasury accounts under the present administration.

A Wrought Structure.

A recent number of *Harper's Weekly* has a picture of the new Court House in New York, that marvellous structure which has afforded so many millions of stealings for the Tammany ring. Probably no public building in this country ever attracted so much attention or has occasioned so much talk. It is the theme of the American newspaper press from Maine to California, and is discussed in the English journals as one of the peculiar results of American institutions. *Harper's* furnishes the following bit of history:

The original appropriation, intended to cover the entire cost, was $250,000. The Board of Supervisors was not to be restrained by petty notions of legality or economy. Within seven years after the laying of the corner stone of the new structure three and a half millions of dollars had been expended upon it, and the result was—four walls and a roof!

While the Court House was thus slowly progressing toward completion it was, to some inconsiderable manner, in constant need of repairs, and sums which have been modestly characterized as "*perhaps* exorbitant" were required to make them. According to the statements of the New York *Times*, Mr. Andrew J. Garvey received during 1860 and 1870 for plastering and repairs, the sum of $2,870,464 06. This is considerably in excess of the original appropriation, and shows what contracted views the men must have had who supposed a Court House could be built for $250,000. But Mr. Garvey's charge sank into insignificance in comparison with those of Messrs. Ingersoll & Co., who, during the same years, received for furniture supplied to the new Court House, and more repairs to the same building, $5,666,636 81. During the same years the firm of Keyser & Co. received, for plumbing done in the same building, $1,231,817 75.

These figures show only a portion of the money expended upon a building which is not yet completed. Enormous sums, reaching into millions, have been spent for iron and stone and marble. The exact amount cannot be ascertained, but enough has come to light to show that the cost of our new County Court House exceeds that of the magnificent English Houses of Parliament, in which a dozen buildings like the Court House might be dumped away in odd corners.

Cities of England and the United States.

—The following table compares the population of the principal cities of England and the United States, according to their respective classes:

United States.			England.	
Class.	*City.*	*Population.*	*City.*	*Population.*
1.	New York	942,292	London	3,251,804
2.	Philadelphia	674,022	Liverpool	493,345
3.	Brooklyn	396,099	Manchester	355,406
4.	St. Louis	310,864	Birmingham	342,090
5.	Chicago	298,977	Leeds	259,201

16.	Pittsburgh	86,076	Norwich	80,386
17.	Jersey City	82,541	Wolverhampton	63,470

There are four other cities in the United States which exceed the population of Wolverhampton.

The peculations and frauds of Tammany are denounced in fitting terms by most of the Southern Democratic press; but Northern Democratic papers are silent, thinking no doubt that it won't do to aid in exposing the astounding thefts perpetrated by the men who stand at the head of their party.

Several of the Democratic papers of the State are speaking with bitterness of the "new departure," and attributing recent defeats of their party to this "surrender" by their leaders and conventions.

Many of the California papers publish obituary notices on the death of "Litigant Bill."

THE TERRITORIES.

REMARKABLE CURE OF MRS. HOOVER.

TUALATIN PLAINS, WASHINGTON Co., OREGON, July 22, 1871.

DR. A. M. LOVEJOY—I have been troubled with rheumatism for the past *twelve years*; my joints, especially those of my feet and hands, were badly swollen, so that I could with difficulty go around. My shoulder pained me a great deal and a LARGE BONY SWELLING grew out, so that I could not raise my hand to my head.

Since last spring I have been taking your "Oak Wood Remedy" and find myself much improved. The swelling and pain has left my joints and shoulder and one bony GROWTH HAS ENTIRELY DISAPPEARED and I use my limbs and am better than I have been for years.

LAND AT AUCTION!

On Tuesday, 10th day of October, 1871,

There will be sold

GREAT SALE OF REAL PROPERTY

AT

ASTORIA,

Clatsop County, Oregon.

THE LANDS TO BE SOLD WILL CONSIST OF

LOTS AND BLOCKS

in the Town of Astoria, and

Handsome Sites for Residences!

immediately adjacent to the town.

The LOTS and BLOCKS comprise some of the Choicest in the town for Residences or Business purposes, and the SUBURBAN LANDS, admirably situated for Residences, will be sold in such parcels as to suit purchasers.

Among the Lands to be Sold are the following:

Lots.	*Blocks.*	*Lots.*	*Blocks.*
6	2	4, 5	104
1, 8	4	1, 2	105
3, 4, 5, 6	89	3, 4, 5, 6	135

ALSO:

THIRTY-EIGHT TRACTS OR PARCELS OF LAND,

Adjoining the Town of Astoria, containing from One to Six and a half Acres.

ALSO,

"THE KLASKANINE FARM!"

A Magnificent Property, valued by the Appraisers at

$7,000 00!

The acknowledged Natural Advantages of the Town of Astoria, its convenient access by Sea and Inland Navigation; its pleasant and healthful climate, all render it one of the most desirable places on the northern coast to obtain property.

These Lands will be Sold at Auction, and if only "Auction Price" are realized, SALE WILL BE ABSOLUTE.

THE TITLE IS PERFECT, as any Lawyer will certify upon examination.

Let any person compare the Astoria of to day with the Astoria of ten years ago, and he will want no further argument to prove that the investment at present prices cannot be return, and is likely to be IMMENSELY PROFITABLE.

The proposed Sale is to be made to pay the debts of the late Judge Olney.

For further particulars apply at the office of the County Clerk of Clatsop county, at Astoria, or at the office of Hill, Thayer & Williams, Attorneys-at-Law, Portland.

Astoria, Sept. 6th, 1871.

TO HOUSE BUILDERS & PAINTERS

"AVERILL CHEMICAL PAINTS."

THESE PAINTS ARE SO WELL KNOWN throughout the Atlantic States and their reputation so abundantly established for

Beauty, Permanence and Economy

That we can confidently recommend and guarantee an entire satisfaction in their use.

THEIR COST is less than pure leads, and covers one-fifth more surface, making them the most economical Paints in the market.

THEIR DURABILITY is unquestioned. They dry hard with a smooth and glossy surface and will not chalk, crack or peel off.

THEIR ADAPTABILITY.—They are already mixed and ready for use and require no oil, turpentine or dryers. Are sold of any desired shade, by the gallon only.

Testimonials:

Gen. James S. Negley, M. C., Pittsburg, Pa., writes Nov. 10, 1870—I have no hesitation in recommending the "Averill Chemical Paints" to those who regard economy and durability. It weathers out more atmospheric matter than any Paints I have tested. The colors are rich and variable. Altogether I find them the CHEAPEST AND BEST.

"JACKSONVILLE FLORIDA CUSTOM HOUSE.—It looks as fresh and glossy as when first applied. I do not believe any LEAD AND OIL CAN EQUAL IT.
WM. P. DOCKRAY.

I have carefully compared the cost and merits of the Averill Paints with White Lead and Oil and find to cents per gallon in favor of the former.

MONDAY MORNING, SEPT. 18, 1871.

CITY.

FIRST LOCOMOTIVE ON THE WEST SIDE.—On Saturday, about half past 2 o'clock, the locomotive John H. Couch was fired up and run through Fourth street to Taylor—as far as the track was then completed. The occurrence brought out swarms of our citizens, and the street, for sixteen blocks, presented an appearance of life and animation surpassed only by our great gala days. The locomotive had attached only its tender; in this were Messrs. Holladay, Weidler, and two or three others. The passage of the locomotive was the realization of the dreams, prophecies and prayers of our people for twenty years; the event which, we have been told a thousand times, would mark the opening of a new epoch in the progress and prosperity of our city. "It seems like a dream," was a remark heard on all sides, and the general feeling was one of "joy and gladness." In a few days the locomotive will pass and repass on schedule time, dragging trains laden with the wealth of our beautiful and productive valley; the Tualatin Plains will be our next door neighbor, and our city will have extended its suburbs over and beyond the mountains—the "good time coming is almost here."

PASSENGERS FOR CALIFORNIA.—The N. P. T. Co.'s steamship *Idaho* sailed at 7 o'clock yesterday morning, for San Francisco. The following is a list of her passengers:

Rev T Frazer, wife and child, Hon F R Brunot and wife, T W Miller, wife and child, Miss M A Hoag, T W Dresser and wife, Miss M J Houghton, Miss Carrie Houghton, Mrs Scott, Miss Eliza Daniels, Mrs M Burk, Miss Emma Giltner, Rev R A Latimer and wife, Stephen Massatt, Mrs A Lague, A Saydam and wife, Mrs Fred Bolles, T H Burk, Paris Giltner, John Wilson, J L Tickner, A Smith, W Barrow, W S Taylor, J K Cree, J L Armstrong, W J Bradley, A G Eastis, Frank Beebe, S Alexander, E Buford, M Flagg, G W Liebtenstein, J O Keener L H Abrams, J Hewitt, M H Harlow, R Kohn, Mrs O Hazzard and daughter, A L Hatter, O Hazzard and boy, Miss Eliza Helm, M Todmor and wife, Gen Thaler, F C Logan, Miss Grier, Mrs M Sawtelle, and 50 in the steerage.

DEATH FROM A FALL.—On Saturday a workman upon the gallery of the Catholic Church, named William P. Rust, fell from the gallery to the floor, receiving a severe cut and contusion upon the head. He was taken up insensible and conveyed home. Yesterday morning he died from the effects of his injuries. Mr. E. J. Dryer, Coroner, held an inquest yesterday afternoon, the following jurors being summoned: W. G. Beck, Lewis Stark, W. Davis, Thomas Foley, M. S. Drucker and Peter Hagner. The jury returned the following verdict: "We, the jury, find that the deceased came to his death by falling from the gallery of the Catholic Church in the city of Portland, Multnomah county, Oregon." Mr. Rust was born in Prussia and was aged about 40 years. He was the inventor of a patent machine for lapping leather, of which the papers had notices something more than a year ago.

A DANGEROUS PASTIME.—The railroad hands on that part of the O. C. road beyond the high bridge at the head of Fourth street, left on the track one of the light cars used in conveying material to the front. We learn that the boys are in the habit of pushing this car far up the track and then, mounting it, let it run down the grade to this end of the high bridge. The descent is considerable and the car comes down with great velocity. Once started, the boys cannot, of course, stop it till it runs the full course, no matter what might happen. These boys not as if wild with extravagance. Shout and cut as many antics as if they were so many juvenile devils. The pastime is an extremely dangerous one not only to the boys who ride but to persons who may happen to be passing over the bridge or through any of the cuts along the road. The railroad people ought to see to it that the fun be stopped.

NEHALEM VALLEY WHEAT.—Captain E. Palmer, brother of General Joel Palmer, showed us Saturday a bundle of wheat grown in the Nehalem Valley, taken from a half acre patch of ground which was prepared for cropping by simply cutting and burning the brush without plowing. The yield was thirty-one bushels, or at the rate of sixty-two bushels per acre. The berries were very large and well filled. Captain Palmer informed us that there are now about seventy five claimants of land in the Nehalem Valley. The settlers are engaged in opening communication to the Columbia river by a wagon road ten miles to Westport. The success of the farmers in raising good wheat and vegetable crops the present season has greatly inspirited them, and they are to fix themselves to stay.

RATIFICATION MEETING AT SALEM.—Judge Denny, who came down from Salem yesterday, informs us that on Saturday evening the Republicans of the Capital fired one hundred guns in honor of the Republican victory in California. Speeches were made by several gentlemen, prominent among whom was our fellow-citizen John F. Caples, who stirred up things with one of his characteristic efforts.

A correspondent at Pendleton says: "Our town continues to improve. It now contains four stores, one hotel, one bakery and restaurant, two saloons, one harness shop, one boot and shoe shop, one livery stable, one blacksmith shop, one meat market, six lawyers and three doctors. Quite a number of residences have been built and several are in course of construction."

A NEW HOSE COMPANY.—A new hose company composed of young men under 20 years, was organized last Friday evening, under the name of "Willamette Hose Co." The officers are: President, William Gibbs; Secretary, Geo. Lamont; Treasurer, John O'Connor; Foreman, H. J. McCormick; First Assistant Foreman, Al. Church; Second Assistant, J. Dennery.

LINN COUNTY FAIR.—Programmes for the Annual Fair of the Linn County Agricultural Society, have been sent us. The Fair is to begin one week from to-morrow, and to continue five days. The Annual Address is set down for Thursday the 28th, at half past 10 A. M. We observe that there are to be races every day, for which purses of $50 to $500 are offered.

AN INSANE MAN LOOSE.—The Vancouver *Register* has a column or more filled with an account of an insane man named Dwight Hurlburt, who escaped some time since from the Asylum at East Portland. He has been returned to the Asylum and Clarke county again breathes freely.

THE RETURN OF A BAD PENNY.—Not long since a man named Smith (of course) broke out of the city jail, but to prove the truth of the old saying, "a bad penny is sure to return," he came back an evening or two ago and hung around the jail till he was recognized and put in again.

NEW YEAR.—The Hebrew New Year has been celebrated the last two days, in this city, with considerable eclat, by our Israelitish population. The ceremonies have consisted of religious services, visitings, feastings, congratulations, etc., and the wearing of good clothes.

RELIGIOUS SERVICES DURING THE WEEK.—The Methodists will hold noon-day prayer meetings, each day this week at the Taylor street church, and religious services every evening. We learn that a revival spirit has shown itself and hence these meetings.

CHURCH PEWS.—The pews in the new Congregational Church are to be rented in a few days, and parties interested are desired to make their selections this week. For that purpose they will call upon Rev. Dr. Atkinson at his residence.

NEXT, THE DALLES.—Miss Susan B. Anthony's next lecture upon woman suffrage will be delivered at the Dalles, this evening. She will be accompanied by Mrs. Duniway, and the tour to the interior will extend as far as Walla Walla.

PEACHES.—Large quantities of this delicious fruit are daily arriving from Eastern Oregon and Walla Walla. The *Onionta* brought down at one time, three or four days since, one hundred and forty-two boxes.

OREGON WOOLEN FABRICS.—The Oregon City woolen mills company exhibited specimens of their cassimeres at the late San Francisco Fair and obtained therefor a special premium—an elegant silver medal.

SHIPPING.—The steamer from Astoria reports that the *Orient* has arrived in the river from San Francisco. She has a locomotive on board for the Oregon Central Railroad.

U. S. COURTS.—The U. S. Circuit and District Courts will be convened to-day.

PERSONAL.

Among the notables who departed by the steamer yesterday were Mr. F. R. Brunot and party and Stephen Massett. Mr. Brunot will visit the Indian reservations of California before returning East.

"Wrestling Joe," discovered last year as the paternal ancestor of Finice Carruthers, is at present in this city, and is undergoing examination as a witness in one of the suits pending for the possession of the Caruthers' estate.

Mr. Hugh Small, travelling correspondent of the San Francisco *Bulletin* and New York *Tribune*, gave us a call on Saturday. He has just returned from an extended tour of the Walla-mot valley, of, which he speaks in terms of high estimation. He is going next through Eastern Oregon and Washington. Mr. Small is a gentleman of culture, extensive travel and acute observation. His opinions of our country will, therefore, be worth reading, whatever they may be, and vastly more reliable than those of people who come and go, having only seen a small portion of what there is to see.

BUSINESS NOTICES.

A LARGE STOCK.—Kohn & Fishel are now filling up with a large stock of goods as will be observed by advertisement elsewhere.

TABLEAUX AND CONCERT.—The ladies of St. Luke's Protestant Episcopal Church of Vancouver, will give an entertainment to-morrow evening at Edding's Hall, the proceeds to be used in aid of the erection of a new church building. The exercises will consist of vocal and instrumental music, tableaux, etc. To-morrow will be the first day of the county fair, also, and the town will probably be full of people. The entertainment ought to be remunerative.

CLARKE COUNTY FAIR.—The annual agricultural fair of Clarke county, W. T., will open at Vancouver to-morrow. Usual preparations have been made to secure a full and creditable exhibit of the products of the county.

LABORERS WANTED.—We hear that laborers are scarce up the valley and in demand at two to three dollars per day. "Why stand ye here idle" in the city when such opportunities are open in the country?

A child of three years, son of Mr. Benjamin Schofield of Hillsboro, was kicked on the head by a colt a few days since. The little fellow's skull was broken and his life is despaired of.

STEAMER VANUNA.—Capt. Grayle steamer *Vanuna*, which has been for some days undergoing repairs at this city, went down the river on Saturday.

FALL FROM A PEACH TREE.—Saturday evening Mr. P. Hogan fell from a peach tree, while gathering fruit, and received severe injuries.

KOHN & FISHEL have received, by the late steamers, large invoices of clothing and gents' furnishing, and they now have the largest and best assortment of goods in their line in the city. They sell low, and everybody can buy. Go to Kohn & Fishel's 91 Front street for bargains.

NOTICE.—All persons desirous of renting Pews in the First Congregational Church of Portland, and have not done so, are requested to make their selection during this week. A list of the assessment prices and chart of the room, will be left with the Pastor, Rev. Dr. Atkinson, who will give any information desired.

Over-doctored.

Without any disrespect to the members of the medical profession, a profession honored by all thinking men, it is only just to say that they are too thick on the ground. The consequence is that the community is doctored over much. When nature needs only the gentle stimulant and alterative, which has become famous throughout the country as a reliable medicine, under the name of Hostetter's Stomach Bitters, she is not unfrequently dosed with a dozen prescriptions, all experimental, from the Pharmacopœia. This is an evil, and proves that the practice of medicine is far from being at all times a healing art. At this period of the year, when the fall of the leaf indicates that decay has seized upon the vegetable kingdom, many harassing diseases are prevalent. Chief among these may be mentioned intermittent fever and bilious remittent. The exhalations arising from the decomposing vegetation, and the heavy dews and fogs, are very apt to generate these complaints. The wisest policy is to protect the system by a course of Hostetter's Stomach Bitters at the commencement of the fall. Much suffering may thereby be avoided. But if the disease has already begun, its periodical visitations may readily be checked and broken up by this active, yet harmless, vegetable tonic.

But be on your guard against the charlatans who are attempting to palm off, under various names, unwholesome compounds, which they pretend to compare favorably with the great national elixir, which has long swept more formidable opposition from the field. Bear in mind that every bottle of genuine Hostetter's Stomach Bitters is authenticated by a splendidly engraved label, and a fac simile of the signature of the firm. Put up in bottles only, and cannot be obtained in bulk.

RAILROAD LANDS.

OFFICE OF LAND DEPARTMENT

OREGON & CALIFORNIA R. R. CO.

AND

European and Oregon Land Co.,

PORTLAND, OREGON, August 7, 1871.

THE COMPANY IS NOW PREPARED TO EXTEND the pre-emption privilege of purchasing Railroad Lands in advance of the same being placed in market to all parties desirous of securing them on the following terms:

The applicant filing in this office a claim in the form prescribed, to-wit:

Pre-emption, date, No. —

To the Land Agent of the European and Oregon Land Company:

SIR:—You are hereby notified that I have settled upon and improved (description of land) in the county of State of Oregon, containing —— acres, and that I claim a pre-emption right to purchase said lands at the Company's valuation in accordance with the following resolution of the Directors of said Company, adopted on the twenty-sixth day of May, A. D. 1871, to the terms of which I hereby fully assent:

"Resolved, That the parties settling upon and improving any of the lands of the European and Oregon Land Company, before the same are opened for market, shall be entitled to the pre-emption privilege of purchase on the same terms as the Company would sell the land for without improvement, and shall be subject to the same conditions of payment, as all other lands belonging to the Company, when brought into market; provided, such settlers shall file in the Land Office of said Company, written application, giving notice of such settlement, and shall accept the privilege upon the valuation that soon time, price of the land shall be fixed, notice thereof shall be sent by the Company's Land Agent, through the Postoffice, or otherwise, as may be convenient, to the residence of the party claiming the pre-emption privilege; and if the land is not purchased by the said party within sixty days from the date of such notice, the Company will be at liberty to sell the land to any other person."

(Name of applicant.)

(Postoffice address.)

When the application is received, a certificate, signed by the Agent, obligating the Company to the terms, will be sent to the claimant in the following form:

PRE-EMPTION CERTIFICATE, NO. ——

This is to certify that of county, State of Oregon, has this day filed in this office a pre-emption claim to (description of premises), and is hereby entitled to the first privilege of purchasing said land at the Company's valuation, (which is to be made without reference to improvements) when the same shall be placed in market, in accordance with a resolution of the Board of Directors of said Company, adopted May 26, A. D. 1871.

When the price of the above described land is fixed, notice thereof will be sent to the party to whom this Certificate is issued, and if the land is not purchased by the said party as the holder hereof within sixty days from the date of said notice, the Company will be at liberty to sell the land to any other person.

(Signed)

Land Agent of the E. & O. Land Co.

The lands will be appraised by a competent, disinterested party, under oath, at their actual present value—no fancy or prospective price on the basis of similar lands in the vicinity, and when appraisement is made they will be sold in quantity not exceeding one hundred and sixty acres to one person, payable in five equal annual instalments, with interest from date of contract, at ten per cent. per annum, principal and interest payable in United States Legal Tender Notes. Warranty deeds given after United States Patent issues, upon payment in full.

Blank forms of application furnished upon request.

R. F. DANFORTH'S

PATENTED

PETROLEUM FLUID

Perfectly FREE from the Danger of Explosion.

THIS FLUID, AFTER YEARS OF PATIENT EXperiment, and the expenditure of over one hundred and fifty thousand dollars, has been produced by R. F. DANFORTH, of Cleveland, Ohio, and has been introduced with perfect success.

IT CANNOT BE EXPLODED in a lamp, or in any way, or by any known test.

IT IS FREE FROM GREASE AND FILTH, and will not injure the finest fabric.

IT IS FREE FROM ALL DISAGREEABLE ODOR, and in this respect is preferable for a night lamp.

It gives a purer, more brilliant and at the same time softer light than any oil or fluid in use, and is fully equal to gas light.

IT DOES NOT SMOKE THE CHIMNEY in the least.

A gallon of it will burn as long with the same height of blaze as Kerosene.

It is more easily extinguished, when ignited, than Kerosene.

It is strictly pure, containing no mixtures or chemicals, burns in an ordinary Kerosene lamp, with simply changing the burner, with or without a chimney.

THIS FLUID is now on Exhibition at the

Smile and be Contented.

The world grows old, and men grow cold
To each, while scarcely treasured,
And what with woe and care and toil
We scarce know life's true pleasures;
But never mind, there's in the end
Not much to be lamented;
Life rolls on gayly, if we will
But smile and be contented.

If we were poor, and would be rich,
It will not be by gliding;
No, steady hearts and upright minds
Are life's bright silver lining.
There's no such sweet that need to hope,
Hath of his choice repented;
The happiest souls on earth are those
Who smile and are contented.

When grief both roots to rack the heart
And fortune bids you sorrow,
From hope to-day a blessing need,
And consolation borrow;
If thorns may come, and roses bloom,
Is cannot be prevented
So make the best of life you can,
And smile and be contented.

Steamer *Josephine* left this port for Victoria with produce and full passenger list, sailed for San Francisco.

Steamer *John L. Stephens* will leave San Francisco about Wednesday for this port, to be towed immediately by the *Idaho*, which in turn by the *Alex. Duncan* for Portland. This we believe is the present intention of the North Pacific Transportation Company.

If there still exist any doubt as to the increase of trade, the incredulous need only look at the freight offering in San Francisco. When the *Idaho* finished loading there were estimated to be at least 500 tons of merchandise on the docks in line for the steamer. One party had Bags on a truck in line for two days and was then unable to ship. Every available car was actively engaged in filling orders, some really having time to answer questions.

To-day is the Jewish New Year's, and but comparatively little business is being executed, except receiving goods per *Idaho* and making shipments to be forwarded by same.

The cause of the continued high prices of Wheat in San Francisco over any point in the United States is thus stated: The demand, in anticipation of a drouth in California, are holding back their Wheat, and millers who received Chino orders for flour and shippers having vessels of this berth, were forced to come into direct competition, which, together with an anticipated active demand from Europe, China, and also by many new farmers as well as many old ones for Seed Wheat, bringing in speculators, advance prices which has been sustained. As soon as the rains come (which is usually in November) prices in California will drop, owing to nearly every farmer putting in Wheat, and the drouth will not be the cause now ruling. If no rains come in November, then they will probably hold for higher rates, which will not be given, as shipments from Chicago direct at an advance over $2 75 can be made to San Francisco by railroad. Our fall Advices regarding Atlantic Wheat at that high prices now ruling show prices to advance according to the old adage, "a high price will go higher, and a low price will go lower," in the bush." Those who hold may obtain higher prices, but there are to many outside certainties against them.

Our mail advices from Europe give market very much as previously reported, excepting taking the crop as a whole in the United Kingdom and on the Continent they have left a better prospect reported. The following, we clip from the latest Liverpool circular at hand to-day:

Wheat—The country markets have been extremely quiet throughout the past week, the continuance of fine weather ensuring satisfactory progress with the harvest, and causing prices in most cases to give way 1s to 2s per quarter. It is yet too soon to form any reliable estimate of the crops, but the general opinion points to Wheat being under an average, while Oats, Barley, Beans and Peas are well reported of and are doubtless over an average. Trade in cargoes is quiet to fair, but in spots very quiet, the present supply and demand only a limited assortment, and the finer qualities alone attract any inquiry; prices of ordinary descriptions are nominally 1s to 2s lower. On the spot the sales has been limited, consumers appear to be supplying themselves in regard to quality, the lower kinds of both Red and White having been comparatively neglected, fine samples at the same time supporting previous rates, and at the close prices are rather against buyers.

Flour—Sales are effected sparingly, except for approved brands, which are fairly saleable at full prices.

Trade Corn—The supply of European continues liberal and although of inferior quality it has declined down the price of American to 30s, at which figure the area of consumption becomes more extended.

We are informed that farmers in North Yamhill are busily engaged plowing and in other localities of the Willamette valley they are preparing for early seeding. None but those who are unable to get their crop in will wait until spring before sowing. The high prices ruling for Wheat this season will induce many to make preparations for farming on a larger scale. It is the intention, so far as we are able to learn, to put more land in cultivation the coming season than ever before. From our present lookout it is safe to place next year's crop of Wheat at fully twice this year's. Every month add several miles to the line of the O. & C. railroad, thus bringing into easy transit communications with our city, valleys heretofore so remote that they were not cultivated except for their own consumption and to fatten hogs. This year's experience will add much to improved farming which will allow our farmers to cultivate their land as cheap as the Californians, and the wise policy which we are informed will govern the O. & C. R. R. Co. to carry produce at very low rates and make up difference on assorted merchandise and passage which is divided among so many that it is not felt particularly to any one quarter—in all its tariff regulations will give the farmers very great advantage in sending their produce to market. The Oat crop of next year will be in excess of this, owing to the increased demand consequent upon employing more teams in railroading and the requirements of a largely increased and increasing population. With a favorable year Oregon Oats average plumper and better than do those in California and for seed or feed command the highest price. This year's crop turned out better than expected, for although the straw was short in many localities the grain was filled out well. Owing to the fine crop of Oats Oregon exports will not be more than last year, but for next year with favorable weather the yield will be so large as to admit of exporting largely. The amount of Flax sown this will be just in this season will be about as much as last year, if not more, as the demand is larger, owing to another large Linseed Oil Work added to our manufacture. It is proved the experiment on a few acres proved a success, which will in all probability add that to our list of productions, though not on a large scale, yet to such an extent as to meet the demand here. From East of the mountains the information comes of prospect of a large increase on former years in acreage, owing to the facilities offered by the O. S. N. Co. in putting it to market at reduced rates on former charges.

Merchandise Report.

WHEAT—Prices are shaded to-day, and we reduce quotations to $2 00@2 05 ₩ Central, cargo, for fair to choice. Shippers have received telegrams reducing limit for future delivery, and the almost certainty of prices receding in San Francisco causes parties purchasing for that market to buy with great caution and only to fill orders. No one has any confidence in the future prices; as market is now unprecedentedly high for Liverpool quotations. The steamer takes out a large number of sacks. San Francisco dispatches quote prices lower.

FLOUR—Receipts yesterday and to-day were large, owing to steamer leading for San Francisco. We note sales to-day in lots for home consumption at $7 ₩ bbl for extra of standard brands, and $6 25@6 75 for superfine.

POTATOES—Receipts from the country do not meet the demand. Large orders have been sent to California for immediate shipment, which cause prices to drop. Reports as to crop are conflicting, some claiming that the frost in the Columbia River section has injured the crop there, and the dry weather in the Willamette valley has retarded their growth; but others say that the increased acreage will meet short crops, and though the stocks not as large as in former years, still there are nearly as many pounds to harvest.

NAILS—Mail-advices give no quotations of 25c ₩ keg instead of 22½c. The advance in iron, and further advances expected justified us in following the advance was 25c, ₩ keg, as reported by telegraph. Prices will advance here in sympathy.

CITY ADVERTISEMENTS.

Ordinance No. 1 064.

AN ORDINANCE TO CHANGE THE GRADES OF North Fourth, Fourth, and South Fourth streets.

Whereas, the changes of grades on Fourth, North Fourth and South Fourth streets, as specified in Section one (1) of this Ordinance, have been requested at the request of the Oregon Central Railroad Company, and in order to facilitate the construction of the railway through the city, and the proposed change is wholly for the benefit of said Company, and, whereas, the said Oregon Central Railroad Company has this day filed in the office of the Auditor a bond, of which the following is a copy:

"Know all men, by these presents, That the Oregon Central Railroad Company, a corporation duly organized under the general incorporation laws of the State of Oregon, and having its principal office and place of business in Portland, Oregon, being hereunto duly authorized by a resolution of its Board of Directors duly passed as of this date, and J. G. Ainsworth, R. R. Thompson and S. G. Reed as sureties, are held and firmly bound unto the City of Portland (for the benefit of whom it may concern) in the full penal sum of twenty-five thousand dollars of the U. S. gold coin of the United States of America, for the payment of which well and truly to be made and done, the said Oregon Central Railroad Company does bind itself and its successors, and the said J. G. Ainsworth, R. R. Thompson and S. G. Reed do bind themselves and their heirs, executors and administrators firmly by these presents.

"Sealed with the corporate seal of said Company, and also with the private seals of said J. G. Ainsworth, R. R. Thompson and S. G. Reed, and witness the signatures of Ben Holladay, President, and R. H. Towler, Secretary of said Company, and also the signatures of said J. G. Ainsworth, R. R. Thompson and S. G. Reed, executed in duplicate, all at Portland, Oregon, this 7th day of September, A. D. 1871.

"Whereas, the City of Portland did, on the 6th day of January, A. D. 1870, by its Mayor and Common Council, pass an ordinance entitled 'An ordinance authorizing the Oregon Central Railroad Company of Portland to lay a railway track and run cars over the same within the city of Portland,' and, whereas, in order to make it practicable for said Oregon Central Railroad Company to lay the said railroad along the streets designated in said ordinance, it is necessary to change the grade of the said streets so designated, to-wit: Fourth street, and Fourth, North Fourth, and South Fourth street, in the said city of Portland, and for which purpose an Ordinance has been introduced into the City Council of said city, entitled 'An ordinance to change the grades of North Fourth, Fourth and South Fourth streets,' and which ordinance is now pending before said body, having been referred to the Committee on Streets and Public Property, therefore,

"The condition of the bond is such that if the said Oregon Central Railroad Company will in laying the said railroad track along the streets hereafter designated at its own cost and charge change the grade and other improvements of said Fourth street, North Fourth street and South Fourth street, and of the cross streets not extending beyond the intersections of Third, North Third and South Third streets, on the east, and Fifth, North Fifth and South Fifth streets on the west, where over any of the before-mentioned streets have been heretofore improved, so as to make the improvements conform to the grades where so changed, (in case said change of grades shall be made) then this obligation is to be void, otherwise to full force.

"Witness the corporate seal of said Oregon Central Railroad Company hereunto attached by R. R. Towler, Secretary thereof, by order of a resolution of the Board of Directors of said Company, this day duly passed at a meeting duly called and legally held for such purpose. Witness also the signatures of Ben Holladay, President, and R. H. Towler, Secretary of said Company. Witness also, the hands and private seals of J. G. Ainsworth, R. R. Thompson and S. G. Reed, sureties in this Bond. All done in Portland, Oregon, at the office of the Oregon Central Railroad Company, this 7th day of September, A. D. 1871.

"(Signed.) THE OREGON CENTRAL RAILROAD CO.,

"By BEN HOLLADAY, President.

"(Signed.) THE OREGON CENTRAL RAILROAD CO.,

"By R. H. TOWLER, Secretary.

"(Seal of the Oregon Central Railroad Co.)

"(Signed.) J. G. AINSWORTH. [Seal]

"(Signed.) R. R. THOMPSON. [Seal]

"(Signed.) S. G. REED. [Seal]

"U. S. Revenue Stamps $1 00 cancelled.

"Endorsed 'Filed Sept. 7, 1871.'

"(Signed.) W. S. CALDWELL, Auditor and Clerk."

The City of Portland does ordain as follows:

Section 1. That the Bond aforesaid be and hereby is approved and accepted by the City of Portland, and in consideration of the obligations and covenants and security contained in said Bond, the grades of North Fourth, Fourth and South Fourth streets be and hereby are changed as follows:

At the intersections of—

North Fourth and W streets from 19 feet to 20.48 feet.

North Fourth and X streets from 19 feet to 20.48 feet.

North Fourth and E streets from 21 feet to 21.08 feet.

Fourth and Taylor streets from 97 feet to 97.08 feet.

Fourth and Salmon streets from 43.80 feet to 43.88 feet.

Fourth and Main streets from 62.50 feet to 62.58 feet.

Fourth and Madison streets from 56.70 feet to 56.78 feet.

Fourth and Jefferson streets from 63 feet to 62.08 feet.

Fourth and Columbia streets from 71 feet to 71.08 feet.

Fourth and Clay streets from 70 feet to 71.08 feet.

Fourth and Market streets from 95 feet to 91.25 feet.

Fourth and Mill streets from 102 feet to 101 feet.

Fourth and Montgomery streets from 109 feet to 110.75 feet.

Fourth and Harrison streets from 123 feet to 120.50 feet.

Fourth and Hall streets from 129.66 feet to 129 feet.

Fourth and College streets 130 feet—no change.

South Fourth and Lincoln streets from 142 feet to 141.91 feet.

South Fourth and Grant streets from 146 feet to 145.65 feet.

South Fourth and Sherman streets from 152 feet to 142.40 feet.

South Fourth and Carruthers streets from 156 feet to 153.14 feet.

Above the basis of grades.

Section 2. This Ordinance shall not be construed so as to impair, or in any manner affect the rights granted to said Company, or reserved to the city under an Ordinance (No. 566) entitled 'An Ordinance authorizing the Oregon Central Railroad Company of Portland to lay a railway track, and run cars over the same, within the city of Portland,' approved January 6, 1870.

Passed the Common Council September 7, 1871.

W. S. CALDWELL, Auditor and Clerk.

Approved Sept 9, 1871.
